STUDIES & HONORS

Universidad Popular Autónoma de Puebla / *Puebla, México / 2014 - 2018*

- Bachelor of Engineering degree in Automotive Engineering
 - Focus on Mechatronic
 - Exchange scholarship
 - Grade 9.3
-

Projects

E-Kart Guest Student / *Technische Hochschule Ingolstadt / Ingolstadt, Germany / Spring 2017*

- General objective: *Understand the electrical drive train and the measurement technology in the vehicle.*
- Developed a telemetry measurement system for the kart.
- Worked with CAN, CANopen & RF protocols

Electric Jetta / *Universidad Popular Autónoma de Puebla / Puebla, Mexico / Spring 2016*

- Adapted components to make the old braking system in the car work
-

ABROAD

Technische Hochschule Ingolstadt / *Ingolstadt, Germany / Fall 2016 - Fall 2017*

- Studiengang: Fahrzeugtechnik / Department: Automotive engineering
 - German GPA 2,6
 - Guest Student in Project - "Construction of a test carrier (E-Kart) for driver assistance systems"
-

PROFICIENCIES

Physical Soldering / 3D printing / PCB & schematic design

Hardware Arduino

Software C++ / Java / CATIA V5 / Solidworks / Eagle / MATLAB / LabVIEW

Language Spanish / English / German
